INFRASTRUCTURE SOLUTIONS

FORMERLY  Lighting Solutions
of Illinois, Inc.

ABOUT INFRASTRUCTURE SOLUTIONS

Since 1992, Lighting Solutions of Illinois has been a manufacturer's representative for leading roadway and ornamental lighting manufacturers and well known and respected in the lighting industry for lighting solutions.

In recent years Lighting Solutions has grown to represent a wider variety of manufacturers offering Smart City and Infrastructure Solutions well beyond our initial focus.

In 2021, we changed our name to TWG Infrastructure Solutions to more accurately reflect our mission and markets. We continue to represent premier manufacturers GE and Valmont while we have added many more manufacturers to our line card serving both municipal, Illinois Department of Transportation, Chicago Department of Transportation, The Tollway, private customers, design consultants and architects, utilities, educational and institutional facilities, electrical and general contractors.
